- Pleasant natural lemon fragrance.
- All-natural, bio-based and biodegradable.

Technology Profile

Eco Kleen is a blend of enzymes and all-natural ingredients which quickly dissolves baked-on oils, greases and food deposits. It is specially designed for institutional uses, as well as restaurant uses, and is ideal for manual cleaning of pots, pans, dishes, glasses and flatware. Eco Kleen is a highly-effective formula yet is gentle and mild to hands. It has a neutral pH formula and is safe on any water-safe surface and rinses clean with no film, streaking or water spots. It has a pleasant lemon fragrance reducing complaints from kitchen employees.

Application

A powerful formula for dissolving tough baked-on residues for:

- All types of pots
- All types of pans
- All types of trays
- All types of glassware
- All types of kitchenware
