## TECHNICAL INFORMATION SHEET: Pure Earth Flush Guard

---

### General Description

- A 100% **ALL-NATURAL** product that eliminates and prevents build-up of medium to heavy calcium, lime, uric acid and surface rust stains.
- Removes calcium, lime and rust quickly and easily.
- Fast-acting, powerful formula with no rubbing and scrubbing.
- By using on a regular basis, the lines will have 95-100% less blockages and clogs.
- Increases the life of the equipment and reduces maintenance costs.
- Eliminates odors and removes stains.
- Improves overall water quality.
- All-natural, bio-based and biodegradable.

### Technology Profile

Nano-Natural Technology is the use of extremely small molecular structures and all-natural ingredients. Nano-Natural Technology involves Active-Nanoids which dissolve and remove soil from any surface without using chemicals. Flush Guard™ breaks down hard water stains into microscopic particles that disperse in water and repel one another. The particles are then easy to remove and less likely to re-adhere to the cleaned surfaces. The molecular structures of these particles are so small they can forcefully penetrate molecules of daunting stains and soil for quick and easy removal.

### Technical Information

Dilution	Ready to Use	
Physical Properties	Appearance	Liquid
	Color	Clear
	Fragrance	None
	pH	1.8
	Shelf Life	1 Year
Packaging	19L Carboy, 3.6L Gallon, Quart	

### Application

A powerful formula for dissolving tough calcium, lime deposits, and surface rust from:

- Tubs
- Toilet bowls
- Sinks
- Glass
- Chrome
- Fiberglass
- Stainless steel
- Coffee makers
- Humidifiers
- Dishwashers
- Washing machines
- Shower heads

### Directions

**Tanks/Lines:** Pour enough product to fill the tank or line half full and allow to stand for a few hours. Then flush with water.

**Surfaces:** Pre-spray the affected surface. Wait a few minutes - then rinse with high-pressure water. Repeat procedure if necessary.
