## TECHNICAL INFORMATION SHEET: Total Kleen All Purpose Cleaner

---

### General Description

- Powerful multi-purpose cleaner derived from natural sources and based on Nano Technology
- Formulated to quickly penetrate and effectively remove a variety of soils from any water-safe surface
- Anti-Static formula repels soil to reduce cleaning frequency
- With herbal scent
- Apply with a mop, brush, pressure washer, auto scrubber or a spray-and-wipe application
- Neutral pH, no VOC's, no chelating agents, phosphates and silicates
- Cleaning solution is easily treated in waste water treatment plants

### Technology Profile

Nano-Natural Technology is the use of extremely small molecular structures and all-natural ingredients. Nano-Natural Technology involves Active-Nanoids which dissolve and remove soil from any surface without using chemicals. Total Surface Care™ breaks down surface dirt into microscopic particles that disperse in water and repel one another. The particles are then easy to remove and less likely to re-adhere to the cleaned surfaces. The molecular structures of these particles are so small they can forcefully penetrate molecules of daunting stains and soil for quick and easy removal.

### Technical Information

Dilution	1 sachet : 1 gallon of water	
Physical Properties	Appearance	Liquid
	Color	Clear
	Fragrance	Herbal
	pH	7
	Shelf Life	1 Year
Packaging	30 ml Sachet	

### Application

For all types of water-safe surfaces.

### Directions

**General Dilution:** Mix 1 sachet to 1 gallon of water in the buddy jug provided. Mix to a 2-gallon batch to fill the jug up to maximum.

**For spray application:** Fill the mixed solution from the buddy jug to a spray bottle for surface cleaning and wipe dry with cleaning cloth.

**Floor Mopping:** Use the product with the spray bottle and spray onto affected area. Pick up soil and excess water with clean mop. Rinse mops frequently and change as needed.
