

TECHNICAL INFORMATION SHEET: Pure Earth Scale Remover

General Description

- A 100% ALL-NATURAL mineral product that eliminates and prevents build-up of light to medium calcium, lime, uric acid and scale.
- Removes calcium, lime and soap buildup quickly and easily.
- Fast-acting, dissolves more scale than competitive products that contain hazardous acids.
- Dissolves hard water deposits.
- Increases the life of the equipment and reduces maintenance costs.
- Contains no solvents or fragrances.
- Safe on all washable surfaces.
- All-natural, bio-based and biodegradable

Technology Profile

Nano-Natural Technology is the use of extremely small molecular structures and all-natural ingredients. Nano-Natural Technology involves Active-Nanoids which dissolve and remove soil from any surface without using chemicals. Scale Remover™ breaks down hard water stains into microscopic particles that disperse in water and repel one another. The particles are then easy to remove and less likely to re-adhere to the cleaned surfaces. The molecular structures of these particles are so small they can forcefully penetrate molecules of daunting stains and soil for quick and easy removal.

Technical Information

Dilution	Ready to Use	
Physical Properties	Appearance	Liquid
	Color	Clear
	Fragrance	None
	pH	5
	Shelf Life	1 Year
Packaging	19L Carboy, 3.6L Gallon, Quart	

Application

A powerful formula for dissolving light to medium calcium, lime deposits, soap film buildup and scale from:

- Tubs
- Toilet bowls
- Sinks
- Porcelain
- Tile
- Showers
- Drinking Fountains
- Faucet fixtures
- Shower heads

Directions

General Use: Spray Pure Earth Scale Remover™ onto affected surfaces. Allow product to dwell on the surface for 1 to 2 minutes. Agitate surface with sponge or brush and rinse thoroughly with water. Re-apply as necessary.

Toilets/Urinals: Flush toilet, remove water from bowl. Apply Pure Earth Scale Remover™ and brush inside of bowl, thoroughly cleaning the top of rim and all other areas of the bowl.
