

TECHNICAL INFORMATION SHEET: Sani Kleen Food Safe Sanitiser

General Description

- An all-natural, food safe sanitizer based on organic acids and bioflavonoids.
- Safe for hand, fruit and vegetables, surface and soak-type sanitising.
- Highly effective in the presence of organic matter, unlike QUAT's (ammonium-based) or chlorine-based cleaners.
- NSF-approved (3-D)
- Does not tain food or kitchen wares because it is odourless and colorless.
- Efficacy does not degrade over time, unlike chlorine-based sanitisers.

Technical Information

Dilution	1 sachet : 1 gallon water	
Physical Properties	Appearance	Liquid
	Color	Amber
	Fragrance	None
	pH	1.4
	Shelf Life	1 Year
Packaging	100ml Sachet	

Application

- Tables, chair, floor, other hard surfaces
- Plates, bowls, utensils, knives, chopping board
- Foot bath
- Fruit and vegetable washing

Directions

General Dilution: Dilute 1 sachet to 1 gallon (3.8L) of water.

For spray application: Place solutions in spray bottle for surface sanitizing, or make appropriate batch size for soaking applications. Allow for one minute contact time before wiping or removing items from soaking solution. Air dry to prevent post-contamination

For soaking applications: Contact HTU for proper guidelines regarding batch changes after continual use.
